→ What is the Summer School of civil law ?

Meeting for Civil law and legal culture, this year's event will exceptionally take place in digital format, due to the Paris Olympic Games. Running from July 1 to 31, 2024, the Summer School of civil Law will bring together students and legal professionals from all around the world. Our ambition is to offer all participants a coherent body of courses to convey knowledge on continental law, as well as its evolution and its influence on legal and economic

structures currently under construction in the world. The richness of the Summer School lies in the quality of the education it provides and the diversity of legal cultures represented. We are particularly attached to the international dimension of this event, which makes it a marketplace and crossroad for ideas, legal cultures and knowledge that create privileged moments of gathering and debate.

→ Program description

The program comprises four mandatory courses :

Introduction to Continental Legal Culture (8 hours)	European and International Contract Law (8 hours)	Settlement of International Disputes (8 hours)	Digital Law Protection of Personal Data and Artificial Intelligence (AI) (8 hours)

→ Feedback

“No other program can be compared to the Summer School of Civil Law.

It is an exceptional discussion forum between students and professionals. I had the pleasure to participate in the 10th edition and I can vouch for the excellence of the professors, the quality of the classes, the diversity of the participants and the kindness of all the team. It is, without doubt, a unique occasion to learn, share and contribute to the consolidation of a global jurist network. A big thanks to the Foundation!”

“The Continental Law Foundation program was one of the best courses I have attended

because of the relevance of the content, focusing mainly on international business law. It is an enriching experience, thanks to the multicultural nature of the participants from five continents. A huge thanks!”
