**The Common Core
of European Administrative Law
(CoCEAL)**

**International Conference
May 18-19, 2017**

The 'Common Core of European Administrative Law' is a project led by Giacinto della Cananea and Mauro Bussani, whose aim is to apply the well-established methodology developed by Mauro Bussani and Ugo Mattei under the 'Common Core of European Private Law' project to unearth what is common, and what is different across and within European countries' administrative laws.
